

Magic Nights Lullabye

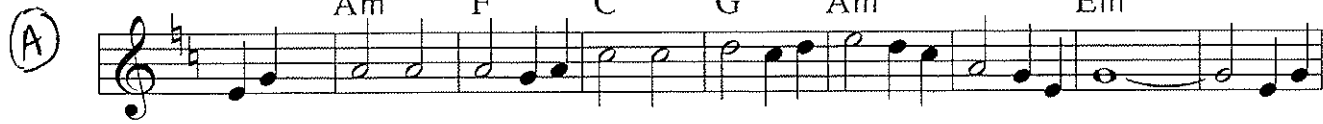

Lyrics by Katie Hawn

Played to the Irish tune: "The Star of the County Down" A B A B

Played slower, more like an air but not depressing.

Star Of The County Down (March)

(A)

A

Every Magic Night, there's a golden dock, that goes out to the dreamtime sea, there your

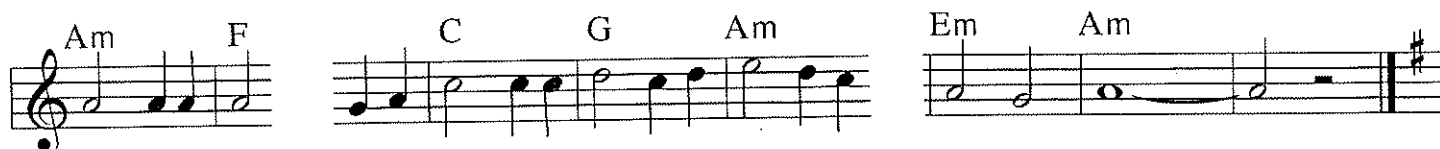

ship awaits and it's strong and sleek, only you have the magic key, So Put

(B)

On your captain's fancy dress and call up your hearty crew, check your

maps, chart your course, raise the sails, take the wheel there's ad - venture ahead for you

A

will you swim with dolphins down into the deep, or daringly great whales ride
will you dance and play, through the nighttime day with your best mates by your side.

B

so lay down your head on your pillow and drift off on a dreamtime tide
we're devoted crew and we're here for you on your magic nights dreamtime ride.

B (repeat slower)

so lay down your head on your pillow and drift off on a dreamtime tide
we're devoted crew and we're here for you on your magic nights dreamtime ride.
